

SAFEGUARDING AND VISITORS INFORMATION SENIOR SCHOOL

WELCOME TO STAHS

Thank you for visiting STAHS, we hope you enjoy your time at our School. Please take a moment to read the information in this leaflet to ensure that you are aware of and can comply with our essential policies and procedures helping us to promote the health, safety and wellbeing of all staff, pupils and visitors.

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children has a role to play in protecting them from maltreatment, preventing the impairment of their health or development and taking action to enable all children to have the best outcomes. At STAHS we believe that all pupils have the right to be safeguarded from harm and exploitation regardless of:

- Race, religion, preferred language ethnicity
- Age, gender, sexuality or disability

If you have concerns about a young person's safety during the course of your visit to STAHS:

- 1. Immediately inform the Designated Safeguarding Lead or one of the members of the Safeguarding Team.
- 2. Write careful notes about what you have heard, witnessed or have been told. Sign, time and date all notes.

If you suspect abuse, a young person confides in you, or a complaint is made to you about any adult or about yourself, it is your duty to report the concern.

OUR COMMITMENT TO SAFEGUARDING

Adults visiting or working on STAHS sites play an important part in the life of the School, whether helping to maintain the buildings or grounds or visiting as a lecturer or guest speaker.

We can all play a part in keeping the young people in the School safe whilst working at or visiting the School. This is whether you are directly employed by STAHS, a guest or a contractor or sub-contractor.

It is important that we also take steps to keep ourselves safe. Our actions can sometimes be perceived in a way that is not intended. The School wants to promote safe working practices for everyone on STAHS sites, whatever your job or reason to be here.

To keep yourself safe from possible allegations, please follow this advice.

- Instigate verbal or physical contact with pupils (this applies both on and off the grounds) unless it is appropriate and a part of an agreed reason for your visit.
- Respond to verbal or physical contact from pupils. If this occurs, or you have any other concerns about pupil behaviour then report it immediately to the member of STAHS staff who is responsible for your visit.
- Give personal information to any pupil; for example your name, address, telephone or mobile phone number or email address.
- Do not accept or respond to a pupil attempting to give you personal information; for example their name, address, telephone or mobile phone number or email address.
- Accept physical or verbal abuse from a pupil. Do not respond yourself but report it immediately to a member of STAHS staff.
- Allow yourself to be unaccompanied in the School if STAHS does not hold a current DBS certificate for you.

- Be aware that verbal interaction with pupils may be interpreted by them as being offensive or inappropriate, even if this was not your intention.
- Report any unacceptable behaviour from a pupil.
- Be aware that contact made outside of STAHS grounds with a pupil may also be considered inappropriate by that individual and could lead to your interaction being misinterpreted.
- Ensure that you have your Visitors badge or other School-issued identification badge on your person and visible at all times.
- Ensure that you fulfil the criteria in your Risk Assessment in terms of supervision around young people. For example, if the School does not hold a current DBS certificate for you, you must be accompanied by a member of STAHS staff at all times for the duration of your visit.

POLICIES AND PROCEDURES

Copies of key School policies, including the Safeguarding and Child Protection Policy and Procedures, can be viewed through the QR code here:

Alternatively, they can be requested from Reception.

All visiting contractors must also comply with the School's Contractor Guidelines.

HEALTH AND SAFETY

All visitors are expected to take reasonable care of themselves and of others who may be affected by their acts or omissions. Visitors must act in accordance with the School's Health and Safety Policy at all times and should be mindful of any hazards that may be present. Please follow any relevant health and safety instructions given by the School.

ARRIVAL

All visitors must report to Reception upon arrival, where they will be asked to sign in via the School's visitor management system (InVentry). Each visitor will be given a pass and a lanyard to wear at all times. Unless visitors have undergone an approved DBS check, they will be issued with a red lanyard and must be accompanied by a member of staff for the entirety of their visit.

The School contact you are visiting will make you aware of emergency procedures and the location of School facilities, and will be on hand to answer any queries. Please return your lanyard to Reception and sign out via InVentry when leaving the School.

Any visitor who is not wearing an identity badge will be challenged politely to establish who they are and what their business on the School site is.

Please do not attend the School if you are feeling unwell or displaying any symptoms of coronavirus or any other infectious disease.

EMERGENCY EVACUATION

Evacuation instructions are displayed across the site; please familiarise yourself with these. If you discover a fire, please withdraw, and activate the nearest 'fire, break glass' point.

If you hear the continuous sound of the fire alarm, please leave the building immediately by the nearest exit. The fire assembly point is located on the playing fields of Maple School, which is next to the School on Townsend Avenue. Outside of main school hours, the assembly point is on the pavement outside Maple School. Do not enter the building again until you are informed that it is safe to do so.

If you require assistance with evacuating the building, please ensure that you make a staff member aware.

SITE SECURITY

To maintain site security, the School operates an adaptable access control system. The School also operates a network of external and internal CCTV cameras.

Please always ensure that you keep your personal belongings with you; the School cannot take responsibility for the safety or security of your possessions, including vehicles.
